

## ARTELINE I AE4065.1

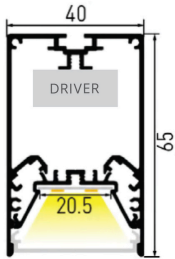

### Linear Lighting System

#### Description

The ARTELINE linear lighting system is a refined architectural solution designed for precise, glare-controlled illumination in contemporary interiors. Featuring a slim, sharp-edged profile with advanced optical options, it delivers consistent light output while maintaining high visual comfort. The system supports multiple configurations and diffuser or micro-optic variants, allowing tailored lighting solutions for ambient, task, or accent applications. With its clean geometry and professional performance, ARTELINE is ideally suited for retail, office, hospitality, and residential environments requiring structured, high-quality linear lighting.
