

Cromwell I CL133145.3

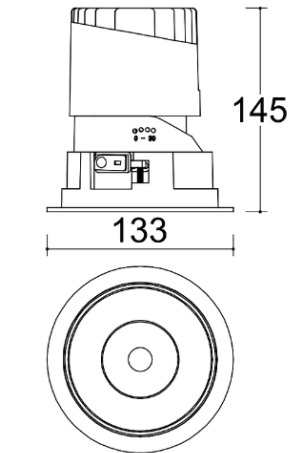

LED Recessed Luminaires

Description

The Cromwell Series is a high-performance ceiling recessed adjustable downlight, designed to deliver precision lighting with a refined architectural aesthetic. Featuring a tilt-adjustable inner module, it enables targeted illumination for accenting key areas while maintaining a clean ceiling line. With its deep-recessed design and low-glare reflector, Cromwell ensures visual comfort without compromising on output. Ideal for use in residential, hospitality, and commercial settings, it blends seamlessly into ceilings while offering functional flexibility and focused beam control.
