

NEROLINE | NE4030.3

Linear Lighting System

Description

The NEROLINE linear lighting system is designed to deliver focused, dependable illumination through a slim suspended profile with a strong, understated presence. Emphasising clarity and efficiency, it provides consistent light output suitable for both ambient and functional lighting requirements. With its straightforward geometry and balanced proportions, NEROLINE integrates naturally into professional environments without visual distraction. Ideal for offices, commercial interiors, retail spaces, and circulation areas, it offers a reliable linear lighting solution that prioritises performance, simplicity, and everyday usability.

Colour

Black/White

TECHNICAL DATA

Light source

Light source: LED SMD
 Output (W): 30W
 Color temperature: 3000K/3500K/4000K/5000K
 CRI: $\geq 80/90$
 Delivered Lumen: 4500lm
 Control : On Off / Dali / 0-10V
 Efficacy: 150lm/W
 Life Time: 50000h
 MacAdam steps: 3
 UGR: < 17

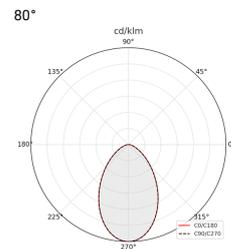

Physical Attributes

TrimType : N/A
 Dimension : L1180xW40xH30mm

Electrical Features

Input Voltage : 100-240VAC
 Driver Type : Remote

Photometric Distribution Curve

Various technical specifications, length, colors, and finishes are available upon request.
