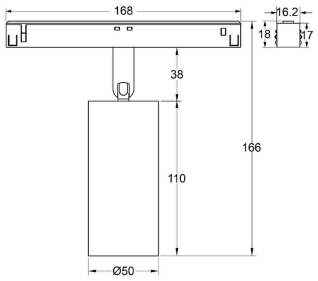
ALBION LIGHT



VECTOR PRO I VP50110.1

Low Voltage Track Lighting System

Description

The VECTOR PRO magnetic track spotlight is engineered for high-performance accent lighting within low-voltage track systems. Featuring a refined cylindrical form with smooth tilt and rotation, it enables precise beam control for highlighting products, architectural details, and focal points. Its advanced optical system delivers high lumen output with excellent glare control, ensuring visual comfort even in demanding retail and hospitality environments. Designed for seamless integration and flexible positioning, VECTOR PRO combines professional-grade performance with a clean architectural aesthetic, making it ideal for premium commercial and residential applications.
